<b>Abstract</b> This report covers FY 2002 third quarter payments and is one in a series of reports discussing the promptness and completeness of DoD payments to the Department of the Treasury for District of Columbia water and sewer services. Public Law 106-554, the Consolidated Appropriations Act of 2001, requires the inspector general of each Federal agency to audit the agency's promptness in paying the District of Columbia for water and sewer services. The audit reports must be submitted to the House and Senate Appropriations Committees within 15 days of the start of each quarter. The District of Columbia Water and Sewer Authority supplies both water and sewer services to Federal agencies and DoD Components within the National Capital Region. The Department of the Treasury is the collection agent for Federal agencies and DoD Components water and sewer payments, with the Department of the Treasury submitting a single payment to the Water and Sewer Authority. The DoD Components, composed of 17 separate installations, sites, and organizations, are required to make advance quarterly payments to the Department of the Treasury for estimated bills on anticipated water usage in FY 2002.

SUBJECT: Audit Report on the Promptness of FY 2002 Third Quarter DoD Payments  
to the Department of the Treasury for District of Columbia Water and  
Sewer Services (Report No. D2002-082)

We are providing this audit report for information and use. This audit was mandated by Public Law 106-554. No written response to this report was required and none was received. Therefore, we are publishing this report in final form.

We appreciate the courtesies extended to the audit staff. Questions on the audit should be directed to Mr. Henry F. Kleinknecht at (703) 604-9324 (DSN 664-9324) (hkleinknecht@dodig.osd.mil) or Mr. Ronald W. Hodges at (703) 604-9592 (DSN 664-9592) (rhodges@dodig.osd.mil). See Appendix C for the report distribution. The audit team members are listed inside the back cover.

## Office of the Inspector General, DoD

**Report No. D2002-082**

(Project No. D2001FA-0154.003)

**April 15, 2002**

# **Promptness of FY 2002 Third Quarter DoD Payments to the Department of the Treasury for District of Columbia Water and Sewer Services**

## **Executive Summary**

**Introduction.** This report covers FY 2002 third quarter payments and is one in a series of reports discussing the promptness and completeness of DoD payments to the Department of the Treasury for District of Columbia water and sewer services. Public Law 106-554, the Consolidated Appropriations Act of 2001, requires the inspector general of each Federal agency to audit the agency's promptness in paying the District of Columbia for water and sewer services. The audit reports must be submitted to the House and Senate Appropriations Committees within 15 days of the start of each quarter.

The District of Columbia Water and Sewer Authority supplies both water and sewer services to Federal agencies and DoD Components within the National Capital Region. The Department of the Treasury is the collection agent for Federal agencies and DoD Components' water and sewer payments, with the Department of the Treasury submitting a single payment to the Water and Sewer Authority. The DoD Components, composed of 17 separate installations, sites, and organizations, are required to make advance quarterly payments to the Department of the Treasury for estimated bills on anticipated water usage in FY 2002.

**Objective.** The audit objective was to determine the promptness of FY 2002 third quarter DoD payments to the Department of the Treasury for District of Columbia water and sewer services.

**Results.** DoD Components, except Fort Myer, made third quarter FY 2002 payments to the Department of the Treasury for District of Columbia water and sewer services. The Department of the Treasury withdrew \$77,000 from the Army on April 2, 2002, to pay the District of Columbia for water and sewer services provided to Fort Myer. Army officials dispute the appropriateness of the \$77,000 the Department of the Treasury withdrew for Fort Myer, because Fort Myer discontinued receiving water services from the District of Columbia in 1999. Also, Washington Headquarters Services paid \$187,000 for Arlington National Cemetery's first, second, and a portion of the third quarter FY 2002 water and sewer bill, as required by Public Law 107-20.

The Navy and Air Force have credit balances from prior overpayments and were not required to make quarterly payments for FY 2002. See the finding section for discussion of audit results.

**Management Comments.** We provided a draft report on April 11, 2002. No written response to this report was required and none was received. Therefore, we are publishing this report in final form.

## Background

This audit was required by Public Law 106-554, the Consolidated Appropriations Act of 2001. Public Law 106-554 requires the inspector general of each Federal agency that receives water and sewer services from the District of Columbia to report to the Congressional Appropriations Committees on the promptness of payments within 15 days of the start of each quarter. This report covers FY 2002 third quarter payments and is one in a series of reports discussing the promptness and completeness of DoD payments to the Department of the Treasury for District of Columbia water and sewer services.

**The District of Columbia Water and Sewer Authority.** The District of Columbia supplies both water and sewer services to Federal agencies and DoD Components within the National Capital Region. Since October 1996, the District of Columbia Water and Sewer Authority (WASA) has been responsible for delivery of water and sewer services to DoD Components. WASA provides meter readings and annual estimated billings to the Department of the Treasury for water and sewer services provided to the Federal agencies, including DoD Components.

**Department of the Treasury Responsibility.** Under the District of Columbia Public Works Act of 1954, the Federal Government was to receive water and sewer services from the District of Columbia, and the District of Columbia was paid with an annual lump sum in accordance with the District of Columbia Appropriations Act. The District of Columbia Appropriations Act of 1990 (Public Law 101-168) changed the payment process by designating the Department of the Treasury as the collection agent for the Federal agencies' water and sewer payments, with the Department of the Treasury remitting a single payment to the District of Columbia. Public Law 106-554 amends the process used by the Federal agencies to make payments to the Department of the Treasury. The Department of the Treasury is now authorized and directed to automatically withdraw funds from Federal agencies and provide those funds to WASA by the second day of each quarter when agencies do not forward timely payments of amounts billed by WASA. The Department of the Treasury bills Federal agencies and DoD Components annually for their estimated water and sewer usage and makes quarterly payments to WASA based on meter readings and estimates provided by WASA. The DoD Components are required to make quarterly payments to the Department of the Treasury for those annual estimated bills. See Appendix B for a list of DoD components, composed of 17 separate installations, sites, and organizations, that received WASA services.

**Public Law 107-20.** Public Law 107-20, the Supplemental Appropriations Act of 2001, removes the authority of the Department of the Treasury to withdraw funds from Arlington National Cemetery (Cemetery) for payment to the District of Columbia for water and sewer services. The law requires that DoD pay the difference between the amount the Cemetery previously paid for estimated water bills and the actual amount billed to the Cemetery. Furthermore, the law requires that for FY 2002 and future years, the Cemetery's water and sewer bills be based on actual meter readings on the grounds of the Cemetery. The

---

law also directs the Department of the Treasury to reimburse the Cemetery for previous withdrawals with funds taken from other DoD appropriation accounts.

**Federal Agencies Responsibility.** Public Law 101-168 mandates responsibility to the respective Federal agencies for payment of water and sewer services. The funds for the services come through the agencies' operating budgets and their respective appropriations bills. Each quarterly payment is due to the Department of the Treasury account, "Federal Payment for Water and Sewer Services," on the first day of the quarter. DoD Components make their payments to the Department of the Treasury through the Defense Finance and Accounting Service (DFAS).

**DFAS Responsibilities.** DFAS provides finance and accounting services, to include making bill payments, to DoD Components and other Federal agencies. Specifically, DFAS-Indianapolis Center provides financial services to the Army, DFAS-Cleveland Center provides those same services to the Navy, and DFAS-Omaha Operating Location provides financial services to the Air Force. The DoD Components submit requests for payments of water and sewer services to the appropriate DFAS location, and DFAS pays the Department of the Treasury either by check or electronic transfer in the amount indicated on the request.

## Objective

The audit objective was to determine the promptness of DoD FY 2002 third quarter payments to the Department of the Treasury for District of Columbia water and sewer services. See Appendix A for a discussion of the audit scope and methodology and prior coverage related to audit objectives.

---

## **DoD FY 2002 Third Quarter Payments to the Department of the Treasury**

DoD Components, except Fort Myer, made third quarter FY 2002 payments to the Department of the Treasury for District of Columbia water and sewer services. The Department of the Treasury withdrew \$77,000 from the Army on April 2, 2002, to pay the District of Columbia for water and sewer services provided to Fort Myer. Army officials dispute the appropriateness of the \$77,000 that the Department of the Treasury withdrew for Fort Myer because Fort Myer discontinued receiving water services from the District of Columbia in 1999. Also, Washington Headquarters Services paid \$187,000 for Arlington National Cemetery's first, second, and a portion of the third quarter FY 2002 water and sewer bill, as required by Public Law 107-20. The Navy and Air Force have credit balances from prior overpayments and were not required to make quarterly payments for FY 2002.

### **Promptness of FY 2002 Third Quarter DoD Payments**

DoD Components, except Fort Myer, made prompt payments of their District of Columbia water and sewer bills for the third quarter of FY 2002. The Department of the Treasury withdrew \$77,000 for water and sewer services billed by the District of Columbia to Fort Myer. Army officials at Fort Myer believe that the bill should not be paid because Fort Myer discontinued water services with WASA in January of 1999 (FY 1999) after one quarter of usage. The Army previously paid \$185,000 for FY 1999 estimated water usage for Fort Myer. As a result, Army officials contend that the \$185,000 paid on the FY 1999 estimated water usage for Fort Myer should be sufficient. Because Public Law 101-168 does not provide a mechanism to resolve billing disputes between WASA and Federal Agencies or between Federal Agencies and the Department of the Treasury, the Army will continue to work with the Department of the Treasury and WASA to resolve all outstanding issues regarding Fort Myer. As shown in the following table, DoD Components were billed \$2.3 million, paid \$1.4 million, and had credits from overpayments of \$1.6 million, and the Department of the Treasury withdrew \$77,000 for the FY 2002 third quarter payments.

<b>DoD Components' FY 2002 Third Quarter Bills and Payments (As of April 2, 2002)</b>			
	<u>Amount Billed (thousands)</u>	<u>Credits from Overpayments (thousands)</u>	<u>Amount Paid or Withdrawn (thousands)</u>
Pentagon	\$ 343	\$ 0	\$ 343
Arlington National Cemetery	267	0	267 <sup>1</sup>
Fort Myer	77	0	77 <sup>2</sup>
Walter Reed Army Medical Center	382	0	382
Fort McNair <sup>3</sup>	6	0	0 <sup>4</sup>
Navy <sup>5, 6</sup>	634	(1,028)	0
Bolling Air Force Base <sup>7</sup>	409	(580)	0
National Imagery and Mapping Agency	205	0	418 <sup>8</sup>
<b>Total</b>	<b>\$2,323</b>	<b>\$(1,608)</b>	<b>\$1,487</b>
<sup>1</sup> Includes \$80,000 paid by Arlington National Cemetery, \$178,000 paid by Washington Headquarters Services for Arlington National Cemetery's first and second quarter bills, and \$9,000 paid by Washington Headquarters Services for the balance of Arlington National Cemetery's third quarter bill (\$80,000 + \$178,000 + \$9,000 = \$267,000)			
<sup>2</sup> According to Department of Treasury officials, they withdrew Fort Myer's third quarter payment. Fort Myer discontinued water services in January 1999. Fort Myer receives and pays for water services provided by Arlington County, Virginia			
<sup>3</sup> Includes Fort McNair, National War College, and National Defense University Center			
<sup>4</sup> Fort McNair paid \$24,000 for the FY 2002 bill in the first quarter (\$6,000 per quarter) and thus is not required to make quarterly payments			
<sup>5</sup> Includes Anacostia Naval Station, Bellevue Naval Housing, Naval Observatory, Marine Corps Barracks (8th & I), Naval Research Laboratory, Nebraska Avenue Annex, Potomac Annex, and Washington Navy Yard			
<sup>6</sup> Estimated amount billed for FY 2002 was \$2.5 million (\$634,000 represents the quarterly amount billed); a credit adjustment of \$4.1 million (\$1,028,000 represents the quarterly credit) for FY 1999 overpayments			
<sup>7</sup> Estimated amount billed for FY 2002 was \$1.6 million (\$409,000 represents the quarterly amount billed); a credit adjustment of \$2.3 million (\$580,000 represents the quarterly credit) for FY 1999 overpayments			
<sup>8</sup> The National Imagery and Mapping Agency paid \$410,000 for the third and fourth quarters of FY 2002 bill and \$8,000 for the first quarter of FY 2002			

## Arlington National Cemetery Payments

Arlington National Cemetery paid less than the amount billed for FY 2002 water and sewer services. WASA billed Arlington National Cemetery about \$267,000 for the first three quarters, or about \$89,000 per quarter of FY 2002. However, the Cemetery did not make FY 2002 first and second quarter payments. In the third quarter, Arlington National Cemetery paid \$80,000 for the Cemetery's FY 2002 water and sewer bill. Public Law 107-20 prohibits the Department of

---

Treasury from withdrawing funds to pay the Cemetery's bill. The law requires that DoD pay the difference between the amount the Cemetery paid and the amount billed to the Cemetery. Therefore, the Department of the Treasury billed Washington Headquarters Services, and Washington Headquarters Services paid \$178,000 for the Cemetery's first and second quarters, and \$9,000 for the third quarter bills. Public Law 107-20 also mandates that future payments from the Cemetery for water and sewer services be based on actual water and sewer usage.

---

## Appendix A. Audit Process

### Scope and Methodology

**Work Performed.** We reviewed DoD Component billing and payment information for the third quarter of FY 2002 for District of Columbia water and sewer services. Specifically, we reviewed bills received by DoD Components from the Department of the Treasury to establish the amounts billed for water and sewer services. We contacted the Defense Finance and Accounting Service to verify that payment was initiated. We also contacted the Department of the Treasury to confirm that funds available to DoD Components were withdrawn to pay the District of Columbia for FY 2002 third quarter water and sewer bills. See Appendix B for a list of the DoD Components that received water and sewer services from WASA.

**General Accounting Office High-Risk Area.** The General Accounting Office has identified several high-risk areas in the DoD. This report provides coverage of the Financial Management high-risk area.

**Use of Computer-Processed Data.** We did not rely on computer-processed data for our review of billing and payment data for water and sewer services provided to DoD Components by the District of Columbia.

**Audit Type, Dates, and Standards.** We performed this program audit from March 2002 through mid-April 2002, in accordance with generally accepted government auditing standards.

**Contacts During the Audit.** We visited or contacted individuals and organizations within the DoD, the Defense Finance and Accounting Service, and the Department of the Treasury. Further details are available upon request.
